RECOMMENDATION LETTER

Being one of few who monitored Abdullah Projects progress in the last 3 years, I feel obliged to compliment the deliverables and quality of work on both Salloumi.com and Ekelni.com from technical, design, and project management perspective. Being a results orient and a goal driven entrepreneur, I highly believe that such talent proves how Abdullah will be able to achieve a big success in the near future.

“Was a contractor to Abdullah at Ekelni.com”
